STATEMENT OF PHILOSOPHY

Philosophy

The Sheidow Park OSHC/Vacation Care provides quality care for school aged children and operates within all the regulatory and legislative requirements, including the National Quality framework and My Time Our Place framework. We ensure that all experiences offered to children in our care meet these outcomes and guidelines.

Our commitment is to meet the needs of individual children in our care, their parents, caregivers and the community, through a continuous improvement plan.

The program is set in a safe, supportive and friendly environment, encouraging the learning and development of individual children, whilst encouraging positive attitudes, value of play, respect for others and responsibility.

We encourage appropriate behaviour of children by helping them connect to their world through collaborative learning opportunities, discussion and positive reinforcement.

To ensure we are tailoring activities to suit our children, Educators actively engage children in rich learning experiences, whilst building and maintaining positive, respectful and meaningful relationships.

Through our diverse program, we aim to provide exceptional care, whilst meeting and respecting the cultural and individual strengths and capabilities of all children in our care. This is achieved by reflecting and evaluating on their individual learning and development.

Our goal is to offer a safe, welcoming, fun and creative program that provides children with the opportunity to develop friendships, become effective communicators, experience life skills, and develop their self esteem.
